

MARRICK PARISH COUNCIL

PRIVACY NOTICE

Your personal data – what is it?

"Personal data" is any information about a living individual which allows them to be identified from that data (for example a name, photographs, videos, email address, or address). Identification can be directly using the data itself or by combining it with other information which helps to identify a living individual. The processing of personal data is governed by legislation relating to personal data which applies in the United Kingdom including the General Data Protection Regulation (the "GDPR") and other legislation relating to personal data and rights such as the Human Rights Act.

A description of what personal data the council processes and for what purposes is set out in this Privacy Notice.

The council will process some or all of the following personal data where necessary to perform its tasks:

- Names, titles, and aliases
- Contact details such as telephone numbers, addresses, and email addresses;
- Where they are relevant to the services provided by a council, or where you provide them to us, we may process information such as gender, age, marital status, nationality, education/work history, academic/professional qualifications, hobbies, family composition, and dependants.

The council will comply with data protection law. This says that the personal data we hold about you must be:

- Used lawfully, fairly and in a transparent way.
- Collected only for valid purposes that we have clearly explained to you and not used in any way that is incompatible with those purposes.
- Relevant to the purposes we have told you about and limited only to those purposes.
- Accurate and kept up to date.
- Kept only as long as necessary for the purposes we have told you about.
- Kept and destroyed securely including ensuring that appropriate technical and security measures are in place to protect your personal data from loss, misuse, unauthorised access and disclosure.

We use your personal data for some or all of the following purposes:

- To enable us to meet all legal and statutory obligations and powers including any delegated functions;
- To contact you by post, email or telephone
- To confirm your identity to provide some services;
- To maintain our own accounts and records;
- To seek your views, opinions or comments;
- To prevent and detect fraud and corruption in the use of public funds and where necessary for the law enforcement functions;
- To process relevant financial transactions including grants and payments for goods and services supplied to the council

What is the legal basis for processing your personal data?

The council is a public authority and has certain powers and obligations. Most of your personal data is processed for compliance with a legal obligation which includes the discharge of the council's statutory functions and powers. Sometimes when exercising these powers or duties it is necessary to process personal data of residents or people using the council's services. We will always take into account your interests and rights. This Privacy Notice sets out your rights and the council's obligations to you.

We may process personal data if it is necessary for the performance of a contract with you, or to take steps to enter into a contract. An example of this would be processing your data in connection with the acceptance of a tenancy agreement.

Sometimes the use of your personal data requires your consent. We will first obtain your consent to that use.

Sharing your personal data

The council will implement appropriate security measures to protect your personal data. We may need to share your data (but only where necessary) with other local authorities. These third parties also have an obligation to put in place appropriate security measures and will be responsible to you directly for the manner in which they process and protect your personal data.

How long do we keep your personal data?

We will keep some records permanently if we are legally required to do so. We may keep some other records for an extended period of time. For example, it is currently best practice to keep financial records for a minimum period of 8 years to support HMRC audits or provide tax information. We may have legal obligations to retain some data in connection with our statutory obligations as a public authority. The council is permitted to retain data in order to defend or pursue claims. In some cases the law imposes a time limit for such claims (for example 3 years for personal injury claims or 6 years for contract claims). We will retain some personal data for this purpose as long as we believe it is necessary to be able to defend or pursue a claim. In general, we will endeavour to keep data only for as long as we need it. This means that we will delete it when it is no longer needed.
